Grace distinguishes Christianity from all other religions. Although commonly used among Christians and non-Christians, the word is too often misunderstood or underappreciated. And yet God's grace is not only the key to becoming a Christian, but also the key to the assurance of salvation and living in freedom to serve God and others. "Simply by Grace" is an easy-to-read introduction to a core Christian belief. By looking at the major questions and issues that surround the concept of grace, Charles C. Bing helps readers understand and appreciate this God-given gift and how simple it really is. "Because only when you understand the simplicity of His grace," writes Bing, "can you begin to understand its deep riches also."
